Children of the Dead End

Patrick MacGill

Children of the Dead End Patrick MacGill

Peopled with extraordinary characters, suffused with humour and yet unflinching in its portrayal of the near slavery of the poor in Scotland and Ireland, *Children of the Dead End* sold 50,000 copies a year in the 1920s. It was as influential in its own way as the work of social investigators such as Rowntree in bringing about change in British and Irish attitudes to poverty and destitution. Starting with an account of his childhood in Donegal, Ireland at the end of the 19th century, the story moves to Scotland where, living as a tramp, then working as a gang labourer, and for some years as a navvy at Kinlochleven near Fort William, Dermot Flynn (as he calls himself) begins to discover himself as a writer.
