The information nurses need...when, where, and how they need it!

Here's the information nurses and nursing students need to know about laboratory and diagnostic tests! This nursing-focused, easy-to-read handbook provides all of the information you need to understand how tests work, interpret their results, and provide quality patient care—pre-test, intra-test, and post-test.

Tests and procedures are listed in alphabetical order by their complete name for quick reference. The integrated index allows fast searches by abbreviation, synonym, disease/disorder, specimen type, or test classification. Plus, a Body Systems Appendix includes a list of common laboratory and diagnostic tests for each body system as well as nutrition-related lab tests.
