## Christianity in Korea

"Christianity in Korea" provides a wide-ranging overview of the growth and development of Korean Christianity and the implications that development has had for Korean politics, interreligious dialogue, and gender and social issues. The volume begins with an accessibly written overview that traces in broad outline the history and development of Christianity on the peninsula. This is followed by chapters that cover a remarkable range of topics spanning more than two centuries - from the survival of early Korean Catholics in a Neo-Confucian society to the success and challenges of Evangelical Protestantism in Korea. The book concludes with a discussion of how best to encourage a rapprochement between Buddhism and Christianity in Korea.
