Each year, ambitious high school seniors take at least one AP exam in hopes of getting a head start on their college career during their junior and senior years in high school. Peterson's s AP Success Chemistry provides complete test preparation for one of the more popular AP exams, which is taken by more than 48,000 individuals each year. This book covers all major test topics--from kinetics to thermodynamics--that students will encounter on the exam. Detailed reviews of subject principles allow students to fully understand the skills that will help them score well on the test. Peterson's AP Success Series includes the features that are the hallmark of Peterson's Success series: Red Alert test-taking strategies, flexible study planning, user-friendly design geared for the high school student, and answers with comprehensive explanations for all test items.
