These two maps, size 58.5 X 22.8 inches, are drawn to a scale of 1: 20,000 and contained in a protective tube. They are a perfect reference guide for any Burgundy lover in addition to beautiful works of art. Thanks to rigorous precision, colour-coding for wines and appellations, and clearly delineated boundaries of named plots, these maps combine perfect readability with an elegant visual presentation. They are both decorative and authoritative. With the aid of these maps, the user can move among the vineyards along the very same paths that the vigneronns take when working on their vines. "Vineyard maps of such precision and such beautiful detail simply haven't existed until now." Hugh Johnson
