It's been an unbelievable few years for Lacey and her Vampire lover Kevin. Their lives have changed so dramatically it's impossible to think that things could get any worse. However, that peaceful time during the unknown is the best time for everything to go wrong. Everything. During the course of their newly established routines, the promise of a damaging, new threat looms over their heads. Someone is killing on their territory, someone is leaving obvious blood trails in broad day light, someone, is purposely destroying their lives. What the hell is going on here? As if surviving in this day and age as a Vampire wasn't hard enough.
