One decision + two different paths = how many happy endings? Have you ever wondered 'What if...?' What if you'd taken that other job, gone on a date with that sweet guy, moved to a different city? Would an alternative life path have led to a happier ending? Now imagine if you could have taken both paths...When Bea Bishop slips while walking down the aisle on her wedding day, she is momentarily knocked unconscious. And in a flash, her world splits and two separate parallel lives take her on two very different journeys. In one, Bea flees back down the aisle and out of the church. In the other, she glides blissfully towards Adam, her intended. Each path will take her on a very different journey. And each will see her life change for better and for worse. But which story will lead to her happy-ever-after?
