## **The Reagan Casualties: Overseas Atrocities of the Great Communicator** Jacob Klezaras

Though the genocidal madman that was Pol Pot, the millionaire cannibal warlord that was Charles Taylor, and the neo-fascist gangsters that composed the Argentine junta had relatively little in common, they did share one thing – an ally by the name of Ronald W. Reagan. Throughout his presidency, Reagan pursued a foreign policy that provided aid and comfort to some of the most abhorrent war criminals the world has ever seen. **THE REAGAN CASUALTIES** outlines atrocities authorized by President Reagan in over a dozen countries and discusses the consequences of Reagan's legacy in terms of international stability and human rights. Klezaras offers up a portrait of a careless and erratic executive whose foreign meddling caused countless people undue suffering in the name of strategic interests and contends, among other things, that President Reagan was a sponsor of terrorism, an acceptor of bribes, and an accomplice to torture and genocide from Iraq to the Caribbean. In this short and powerful exposé, the author swiftly dispels the myth of Ronald Reagan as an advocate for human freedom, and implores us to recognize "that his odious presidency is utterly undeserving of reverence."
