The Olympic Challenge 1984 Bill Toomey, Barry King

The Olympic Challenge 1984 is about Olympic events, Olympic athletes, Olympic history, and Olympic records. It was written by 1968 Olympic Decathlon gold medalist Bill Toomey and 1970/74 Commonwealth Games medalist Barry King. Their book is a guide to 1984 Games and much more. From their unique perspective, the authors provide the spectator and viewer with the information necessary to understand, appreciate, and fully enjoy their Olympic experience. The emphasis is on events and the athletes' pursuit of performance. The opening five chapters chart a straight course through the historical development of the Games, from their ancient heritage to the present day. A sketch of Los Angeles as host city details the Olympic preparations and the unique business deals that provided most of the funding. A chapter on each sport provides the historical background and the Olympic highlights, as well as the basic rules and strategy of each event. The authors have looked ahead to indicate the general trends and to spotlight individuals when they have evidenced clear potential for striking Olympic gold. A records section provides a listing of all Olympic gold medalists since the 1896 Games. Bill Toomey and Barry King share a positive view toward the Olympic Games. They subscribe to the ideal, promoting the notion that humanity should be able to come together peacefully to demonstrate their excellence in competition and abide by principles of fairness.

From reader reviews:

Samuel Tapp:

Book will be written, printed, or created for everything. You can realize everything you want by a guide. Book has a different type. As you may know that book is important issue to bring us around the world. Alongside that you can your reading skill was fluently. A publication The Olympic Challenge 1984 will make you to possibly be smarter. You can feel much more confidence if you can know about everything. But some of you think that open or reading any book make you bored. It is far from make you fun. Why they could be thought like that? Have you looking for best book or ideal book with you?

Carol Shull:

Is it a person who having spare time after that spend it whole day by means of watching television programs or just resting on the bed? Do you need something new? This The Olympic Challenge 1984 can be the solution, oh how comes? It's a book you know. You are and so out of date, spending your spare time by reading in this fresh era is common not a geek activity. So what these publications have than the others?

Karen Taylor:

As a student exactly feel bored to be able to reading. If their teacher inquired them to go to the library as well as to make summary for some reserve, they are complained. Just little students that has reading's soul or real their leisure activity. They just do what the instructor want, like asked to the library. They go to presently there but nothing reading critically. Any students feel that examining is not important, boring and can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. So , this The Olympic Challenge 1984 can make you sense more interested to read.

Darren Reid:

A lot of people said that they feel bored stiff when they reading a reserve. They are directly felt the item when they get a half elements of the book. You can choose the book The Olympic Challenge 1984 to make your current reading is interesting. Your own personal skill of reading talent is developing when you similar to reading. Try to choose basic book to make you enjoy to see it and mingle the idea about book and reading through especially. It is to be first opinion for you to like to available a book and go through it. Beside that the book The Olympic Challenge 1984 can to be your brand new friend when you're truly feel alone and confuse in doing what must you're doing of that time.
