**Chemical Process Technology** Jacob A. Moulijn, Michiel Makkee, Annelies E. van Diepen

With a focus on actual industrial processes, e.g. the production of light alkenes, synthesis gas, fine chemicals, polyethene, it encourages the reader to think “out of the box” and invent and develop novel unit operations and processes. Reflecting today’s emphasis on sustainability, this edition contains new coverage of biomass as an alternative to fossil fuels, and process intensification.

## **The second edition includes:**

- New chapters on Process Intensification and Processes for the Conversion of Biomass
- Updated and expanded chapters throughout with 35% new material overall
- Text boxes containing case studies and examples from various different industries, e.g. synthesis loop designs, Sasol I Plant, Kaminsky catalysts, production of Ibuprofen, click chemistry, ammonia synthesis, fluid catalytic cracking
- Questions throughout to stimulate debate and keep students awake!
- Richly illustrated chapters with improved figures and flow diagrams

*Chemical Process Technology, Second Edition* is a comprehensive introduction, linking the fundamental theory and concepts to the applied nature of the subject. It will be invaluable to students of chemical engineering, biotechnology and industrial chemistry, as well as practising chemical engineers.

## **From reviews of the first edition:**

*“The authors have blended process technology, chemistry and thermodynamics in an elegant manner... Overall this is a welcome addition to books on chemical technology.”* – The Chemist

*“Impressively wide-ranging and comprehensive... an excellent textbook for students, with a combination of fundamental knowledge and technology.”* – Chemistry in Britain (now Chemistry World)

### **From reader reviews:**

#### **Timothy Reed:**

Why don't make it to be your habit? Right now, try to prepare your time to do the important action, like looking for your favorite publication and reading a guide. Beside you can solve your condition; you can add your knowledge by the e-book entitled Chemical Process Technology. Try to the actual book Chemical Process Technology as your pal. It means that it can for being your friend when you really feel alone and beside regarding course make you smarter than previously. Yeah, it is very fortunated for you. The book makes you a lot more confidence because you can know every little thing by the book. So , let us make new experience as well as knowledge with this book.

#### **Alissa Sowell:**

Do you considered one of people who can't read pleasurable if the sentence chained from the straightway, hold on guys this particular aren't like that. This Chemical Process Technology book is readable by you who hate the straight word style. You will find the information here are arrange for enjoyable looking at experience without leaving also decrease the knowledge that want to supply to you. The writer of Chemical Process Technology content conveys objective easily to understand by most people. The printed and e-book are not different in the content but it just different such as it. So , do you still thinking Chemical Process Technology is not loveable to be your top checklist reading book?

#### **Diane Sanchez:**

Your reading sixth sense will not betray you actually, why because this Chemical Process Technology e-book written by well-known writer whose to say well how to make book that could be understand by anyone who also read the book. Written throughout good manner for you, still dripping wet every ideas and publishing skill only for eliminate your own hunger then you still skepticism Chemical Process Technology as good book not just by the cover but also by content. This is one guide that can break don't judge book by its include, so do you still needing another sixth sense to pick that!? Oh come on your reading through sixth sense already alerted you so why you have to listening to another sixth sense.

#### **Joan Morris:**

This Chemical Process Technology is completely new way for you who has interest to look for some information mainly because it relief your hunger info. Getting deeper you upon it getting knowledge more you know or perhaps you who still having little digest in reading this Chemical Process Technology can be the light food for you because the information inside that book is easy to get by simply anyone. These books acquire itself in the form that is certainly reachable by anyone, yeah I mean in the e-book application form. People who think that in e-book form make them feel sleepy even dizzy this e-book is the answer. So there is absolutely no in reading a publication especially this one. You can find actually looking for. It should be here for anyone. So , don't miss it! Just read this e-book type for your better life in addition to knowledge.
