With concise, focused coverage of community health nursing, **Foundations of Nursing in the Community: Community-Oriented Practice, 4th Edition** provides essential information for community practice - from nursing roles and care settings to vulnerable population groups. The book uses a practical, community-oriented approach and places an emphasis on health promotion and disease prevention. Practical application of concepts is highlighted throughout the text in case studies, critical thinking activities, QSEN competencies, and *Healthy People 2020* objectives.

- Evidence-Based Practice **boxes** highlight current research findings, their application to practice, and how community/public health nurses can apply the study results.
- **Levels of Prevention boxes** identify specific nursing interventions at the primary, secondary, and tertiary levels, to reinforce the concept of prevention as it pertains to community and public health care.
- **Focus on health promotion** throughout the text emphasizes initiatives, strategies, and interventions that promote the health of the community.
- **Clinical Application scenarios** offer realistic situations with questions and answers to help you apply chapter concepts to practice in the community.
- **Case Studies** provide client scenarios within the community/public health setting to help you develop assessment and critical thinking skills.
- **What Would You Do? boxes** present problem-solving challenges that encourage both independent and collaborative thinking required in community settings.
- **How To boxes** offer specific instructions on nursing interventions.
- NEW! **QSEN boxes** illustrate how quality and safety goals, competencies, objectives, knowledge, skills, and attitudes can be applied in nursing practice in the community.
- NEW! **Feature box on Linking Content to Practice** highlights how chapter content is applied in the role of public/community health nursing.
- NEW! **Healthy People 2020 objectives** in every chapter address the health priorities and emerging health issues expected in the next decade.
