Broken Song:

Penny Franklin, her name is synonymous with punk/hard rock fusion, has ruled over the airwaves for over two decades. Then things all fell apart around her when she decided to retire and leave it all behind to spend more time with her children.

She lost her family, fame, and her fortune, what else could possibly go wrong in her life? That question was answered with a visit to her physician for a physical.

With her life in ruins, spiraling out of control in emotional turmoil, she decides to end it all. But she stumbled upon a woman, Sandra, who flips it all upside down. Showing her the power of true selflessness and love, in her own unique and unorthodox manner.

Syncopated Rhythm:

Amber LaLanie burst upon the music scene a decade ago like a ball of fun energy.

Her "live for the day" attitude has hid her insecurity and extreme loneliness in the sea of people around her.

Then she met a production intern, Kylee, who has a way of drawing out the real Amber that lies within.

Progeny:

Upon their first meeting, Samantha disliked Abbey. But found herself attracted to her anyway.

Everyone knew that they were destined to be together. Now if they would only listen.
