The Witness of the Stars E W Bullinger

The Rev. E.W. Bullinger was one of the most prolific writers among theologians of the 19th century. His outstanding scholarship resulted in classics such as *Number in Scripture*. In *The Witness of the Stars*, Bullinger takes the reader back in time before God had given a written revelation. He asks the question, Did God leave Himself without a witness? Bullinger resoundly answers NO! He then proceeds to show how God declared his sovereignty over creation through the stars in the heavens. Bullinger strips away pagan falsehoods to reveal how the heavens truly proclaim the gospel of Jesus Christ as the only hope of salvation. Originally published in 1893, Alacrity Press is proud to make this classic book available to our generation.
