Teddie likes her country music and her old pick-up truck and she's not sure how she let her best friend talk her into spending a semester abroad in Darjeeling India. Once she arrives, her innocence quickly collides with an underworld in which young women are bartered and sold. As she fights to understand a depravity that she never dreamed existed, Teddie finds that her own mind develops a unique ability for locating her friends and that an ancient group is willing to train her to save others by using her innate skills for out of body experiences. It will require trust in ideas she barely believes, and more courage than has ever been expected of her. When it becomes clear that the alternative may be her friends' deaths and the unchecked growth of an evil crime lord's empire, Teddie accepts the challenge and shows those guilty of unspeakable crimes just how powerful a young woman can be.
