It's All the Basics: Teaching & Learning for the 21st Century

William R Long

It's All the Basics: Teaching & Learning for the 21st Century William R Long

In this strikingly original and lucidly written book, Dr. Long argues that the technological moment in which education finds itself requires a rethinking of education from top to bottom. His conclusions are bound to please and shock both conservative and progressive educators. Among those conclusions are the centrality of Latin and Bible education, as well as instruction in the emotions and the senses. Also important is an IEP for every student.
