Case Files: Gross Anatomy Eugene C. Toy, Lawrence M. Ross, Leonard J. Cleary, Cristo Papasakelariou
This book presents real-Life clinical cases for the basic sciences and USMLE Step 1. Clinical correlations are increasingly emphasized in the teaching of basic medical science. Students, therefore, need exposure to clinical cases to pass course exams and ace the USMLE Step 1. This book presents 49 real-life clinical cases illustrating essential concepts in gross anatomy. Each case includes an easy-to-understand discussion correlated to key basic science concepts, definitions of key terms, anatomical pearls, and USMLE-style review questions. This interactive learning system helps you to learn instead of memorize. This book presents 49 clinical cases correlated to high-yield anatomy concepts; anatomical pearls highlight key points; USMLE-style comprehension questions with each case; and, primer on how to approach the basic sciences. Proven learning system improves exam scores. 'This book covers the extent of the subject of anatomy - from the details of gross anatomy to clinical correlations and pearls. Organized into clinical cases, it is a fun and quick read' - Stacy Ugras, 3rd year medical student, Weill Medical College of Cornell University. '...Fantastic preparation for anatomy practical exams. It's also a fantastic study tool for Step 1 prep! Learning on a cadaver helps you understand anatomy in 3-D. "Case Files: Gross Anatomy" will help you understand that anatomy and how you'll use it in real clinical practice' - Brad Miller, 3rd year medical student, Weill Medical College of Cornell University. McGraw-Hill Professional LANGE Publishing for medical students since 1938.

From reader reviews:

Edward Payne:

This Case Files: Gross Anatomy book is not ordinary book, you have it then the world is in your hands. The benefit you get by reading this book is actually information inside this publication incredible fresh, you will get data which is getting deeper anyone read a lot of information you will get. This particular Case Files: Gross Anatomy without we realize teach the one who reading it become critical in considering and analyzing. Don't end up being worry Case Files: Gross Anatomy can bring when you are and not make your carrier space or bookshelves' grow to be full because you can have it in the lovely laptop even telephone. This Case Files: Gross Anatomy having fine arrangement in word and also layout, so you will not sense uninterested in reading.

Tara Thornton:

Nowadays reading books are more than want or need but also turn into a life style. This reading habit give you lot of advantages. The huge benefits you got of course the knowledge the particular information inside the book which improve your knowledge and information. The details you get based on what kind of publication you read, if you want drive more knowledge just go with education and learning books but if you want sense happy read one having theme for entertaining such as comic or novel. Often the Case Files: Gross Anatomy is kind of book which is giving the reader capricious experience.

James Hose:

In this time globalization it is important to someone to acquire information. The information will make you to definitely understand the condition of the world. The health of the world makes the information much easier to share. You can find a lot of sources to get information example: internet, classifieds, book, and soon. You can see that now, a lot of publisher that print many kinds of book. The particular book that recommended to you is Case Files: Gross Anatomy this publication consist a lot of the information from the condition of this world now. This specific book was represented so why is the world has grown up. The language styles that writer use to explain it is easy to understand. Typically the writer made some study when he makes this book. Honestly, that is why this book appropriate all of you.

Daniel Adams:

As a student exactly feel bored to reading. If their teacher questioned them to go to the library or make summary for some e-book, they are complained. Just very little students that has reading's soul or real their interest. They just do what the teacher want, like asked to the library. They go to right now there but nothing reading significantly. Any students feel that looking at is not important, boring and can't see colorful pics on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. So , this Case Files: Gross Anatomy can make you really feel more interested to read.
