Do you find yourself struggling with how to talk to your daughter about sex?

Kids today are exposed to sex much sooner than previous generations. Every moment of every day, they are bombarded by mature themes and images on television and the internet, in magazines, and on social media.

Wouldn't you rather talk to your daughter about sex before she receives inappropriate or incorrect information from an outside source or her friends on the playground?

Let's face it . . . many of our own parents weren't very good at talking about sex . . . or perhaps they failed to ever approach the subject of sexuality with you, instead hoping that the topics of puberty and sex education would be delivered to you by a stranger in Health class. Needless to say, that approach was not very effective. Indeed, it got your parents off-the-hook from having to talk about sex with you, but that method is painfully outdated and predictably ineffective.

In “How to Talk with Your Daughter About Sex,” you will uncover the most up-to-date methods in how best to communicate the true facts of life. This book replaces the old, tired “Birds and the Bees” talk with real-world advice on how to navigate the unavoidable conversation of talking to kids about sex.

For a limited time, “How to Talk with Your Daughter About Sex” is being offered for only \$0.99! Regularly priced at \$4.99. Read on your PC, Mac, smart phone, tablet, or Kindle device.
