Risk Assessment and Decision Making in Business and Industry: A Practical Guide

Glenn Koller

manufacturing

The entire volume is presented as a narrative, keeping statistical jargon to a minimum and explaining all concepts, techniques, and processes in a straightforward manner.

The author emphasizes that the technical aspects of a risk-assessment and decision-making effort are secondary to the cultural, organizational, and interpersonal facets of establishing a framework.

"Practical" is the operative term throughout the text. Risk Assessment and Decision Making in Business and Industry: A Practical Guide enables readers who are not risk experts to effect an easy execution of the risk model building effort.
