Oliver W Sacks

[(Awakenings)] [Author: Oliver W Sacks] published on (June, 2013) Oliver W Sacks

Compulsively readable. . . . Dr. Sacks writes beautifully and with exceptional subtlety and penetration into both the state of mind of his patients and the nature of illness generally. . . . A brilliant and humane book. A. Alvarez, *The Observer* *Awakenings* which inspired the major motion picture is the remarkable story of a group of patients who contracted sleeping-sickness during the great epidemic just after World War I. Frozen for decades in a trance-like state, these men and women were given up as hopeless until 1969, when Dr. Oliver Sacks gave them the then-new drug L-DOPA, which had an astonishing, explosive, awakening effect. Dr. Sacks recounts the moving case histories of his patients, their lives, and the extraordinary transformations that went with their reintroduction to a changed world. [Sacks] opens to the reader doors of perception generally passed through only by those at the far borders of human experience. *The Boston Globe* One of the most beautifully composed and moving works of our time. *The Washington Post* A masterpiece. W. H. Auden"
