**Lili: A Portrait of the First Sex Change (Man Into Woman)**

## **The story of the first sex change, as featured in *The Danish Girl***

**An inspirational and moving account of the transformation of the painter Einar Wegener, compiled from Lili's own letters and manuscripts**

Lili Elbe was, in 1931, the first transsexual to receive a male-to female sex change. This remarkable book – a sensation when first published over eighty years ago – shows Lili (now the subject of a major motion picture *The Danish Girl* starring Eddie Redmayne) as a trans pioneer who took extraordinary risks to discover and liberate her true identity.

It is also a tale of marriage, of love and romance, that provides a fascinating insight to the bohemian society of the 1930s.

*Lili: A Portrait of the First Sex Change* is told through original documents, her personal correspondence, and with contributions from those who loved her most. Available in English as an ebook for the first time, it remains a pertinent and powerful work, acting as a monument to an iconic struggle, and a celebration of her bold and profoundly human journey.

**Note: This book was previously published as *Man Into Woman*.**
