## Off the Grid - Underground #1: A Black Ops Story CA Carr

Underground series:

Follow this 10-part serial throughout 2015 featuring Ethan, aka Slapshot, a hockey player whose life is ruined, forcing him to disappear forever. Ethan joins Underground, a black ops organization and is trained as a deadly operative. There, he meets Ciana, a woman with a dark past of her own. As Ethan and his Underground colleagues embark on dangerous missions worldwide, he finds a new purpose in life. But will his former problems come back to haunt him?

Off the Grid:

The seemingly impossible has happened. The unthinkable. Those I trusted most have betrayed me. I'm a hockey player, and gave control of my finances to my parents so I could concentrate on my game. Big mistake. They stole from me, bankrupted me, in fact. And then someone came looking for money I don't have and I did something terrible that will haunt me forever. After that, I took off with no thought about where I'd go or what I'd do.

But a secret organization found me and offered a new start, a salvation. I would no longer be a hockey player, I wouldn't even be an actual person. Doing this would require me to go totally off the grid. I'd be a shadow, fighting crime with a group that's underground, literally. Do I want that life?

If I went back, what kind of life would I have? Probably one in prison orange. The choice to join Underground is painful, but necessary. As my hockey coach always said, though, pain is weakness leaving the body. I will not be powerless ever again.
