Since the book has visual diagrams that go along with the questions, it is geared towards students who are visual learners. The book is split into two sections: The Traffic Signs Test (visual signs included) and The Road Way Test. Each test contains questions that are very similar to the actual test questions. By preparing, using these supplemental practice questions, as opposed to reading and rereading the DMV driver handbook which is very time consuming and can be a waste of time, you will learn basic driving skills, road sign and traffic signal meanings, when to pull over for emergency vehicles, speed limits in various zones, how to handle accidents, and much more. You will also learn how to answer the trick questions which appear time and time again on the test! Also included in the book are valuable test taking strategies, safe driving tips, and safe driver checklists.

Passing the first time will save you money, time, and the stress of having to study again. It will also give you confidence and prepare you for the road driving test.
