The Story of Sexual Identity: Narrative Perspectives on the Gay and Lesbian Life Course (Sexuality, Identity, and Society) Phillip L. Hammack, Bertram J. Cohler

This book assembles a diverse group of scholars working within a new, pathbreaking paradigm of sexual science, fusing perspectives from history, sociology, and psychology. The contributors are united in their commitment to the idea of "narrative" as central to the study of sexual identity, offering an analytic approach to social science inquiry on sexual identity that restores the voices of sexual subjects. The result is a rich examination of lives in context, with an eye toward multiplicity and meaning across the life course. Central to the chapters in this volume is the significance of history, generation, and narrative in the provision of a workable and meaningful configuration of identity.
