What in the World Is Going On?

There is an unsettling mood hanging like storm clouds over North America. Why is there so much upheaval on so many levels? Where is America moving, and where is the world heading? Who will emerge from among the sea of nations as the survivor and the leader?

In times of uncertainty, you want to know that things are under control and happening as planned. In *Unleashing the Beast*, Perry Stone demonstrates how biblical prophecies are playing out on the world stage today. In this informative and prophetically stirring book, you will discover...

- That biblical prophecies and Islamic traditions both point to the rise of a coming kingdom and a global dictator who will seize the world
- The role that current global concerns have in setting the stage for these End Time events to unfold
- That God is, and always has been, in control in the midst of it all
