Humanity has spent its time enjoying the peace that can only be had through blissful ignorance. For centuries, stories of things that go 'bump' in the night have been passed down and shared. When creatures of the night proved to be real, the best of America's military came together to form an elite band of rapid response teams. Their mission: to face the challenge and keep the civilian populace safe from those threats and hide all evidence of their existence. Now, as the Monster Squad has begun to rebuild themselves from a crippling blow, they face not only the monsters of the dark, but some begin to question the loyalty of members within their elite group. Will they fight as one cohesive unit, or be torn apart by internal strife and fall under the crushing heel of evil? Will they actually contemplate forming an alliance with the very monsters they've been battling as a dark storm brews on the horizon...a storm that threatens not just the squads, but the lives of every human on earth.
